On a positive note, the apartment was heated by a gas furnace. A leak, a spark, an explosion, and he would never have to see poor Agnes in her misery..Now, since he didn't intend to date this woman again, he grabbed the only chance he might ever have to learn the intimate, eccentric details of her life. He began in her kitchen, with the contents of the refrigerator and cupboards, concluding his tour in her bedroom..Vanadium continued in his characteristic drone, a tone at

odds with the colorful content of his speech: "A man takes one look at his wife's body, starts to sweat harder than a copulating hog, spews like a frat boy at the end of a long beer-chugging contest, and chucks till he chucks up blood-that's not the response of your average murderer." Junior said nothing. He was still upset with Naomi for hiding the pregnancy from him, but he was delighted that the baby would have been his. Now Vanadium couldn't claim that Naomi's infidelity and the resultant bastard had been the motive for murder. On this momentous day, however, drawing provided no solace. Frequently, her hands shook, and she could not control the pencil. He tucked his left arm tight against his side and threw himself against the door. The obstructing furniture was heavy, but it moved an inch. If it would give one inch, it would give two, so it wasn't immovable, and he was already as good as in there. Once, he had been a superb driver. For the past decade, his performance behind the wheel depended on his mood. They ordered martinis, and when Kathleen, perusing a menu, asked her husband what looked good for dinner, he suggested, "Oysters?" Barty paced off the downstairs hallway to the kitchen, thinking about Dr. Jekyll and the hideous Mr. Hyde. When Junior walked the cracked-linoleum corridor and descended the six flights of stairs to the street, he discovered that a thin drizzle was falling. The afternoon grew darker even as he turned his face to the sky, and the cold, dripping city, which swaddled Bartholomew somewhere in its concrete folds, appeared not to be a beacon of culture and sophistication anymore, but a forbidding and dangerous empire, as it had never seemed to him before. Nolly raised his martini glass in a toast. "To Kathleen Klerkle Wulfstan, dentist and associate detective." Barty looked at Angel, and Angel looked at Barty, and they dropped to their knees on the grass before their daughter. They were both grinning ... and then their grins stiffened a little. When at last he spoke, real grief, quiet but profound, softened his voice: "March first, three years ago, my wife and two sons-Danny and Harry, both seven, twins-were coming home from visiting her parents in New York. Shortly after takeoff ... their plane went down." He wondered if the hawk had descended in a constricting gyre, justice coming down, but he could not lift his head to see. A flicker of complacency showed in Otters tired, battered young face. "No," he said. "I don't think anybody can." They were dining by candlelight. Vanilla-scented bougies stood on the sideboard, across the room, glimmering in glass chimneys, but Barty pointed instead to five squat red candles distributed through the centerpiece of pine sprays and white carnations. Having booked the suite for three nights, Tom expected that he would spend far fewer late hours in his bed than sitting watch in the shared living room. But first, in early July, he stopped taking French lessons. It was an impossible language. Difficult to pronounce. Ridiculous sentence constructions. Anyway, none of the good-looking women he met spoke French or cared whether he did. Sparky wasn't a bad guy, not easily bought, and if he'd been asked to sell out any tenant other than Cain, he probably wouldn't have done so at any price. He greatly disliked Cain, however, and considered him to be "as strange and creepy as a syphilitic monkey." Unable to speak, the girl kissed her and then gently placed her head against Agnes's breast, capturing forever in memory the pure sound of her heart. Agnes was grateful for the speed with which these arrangements were made, but she was also disturbed. Chan's expeditious management of Barty's case resulted in part from his friendship with Joshua, but an urgency arose, as well, during his examination of the boy, from a suspicion that he remained reluctant to put into words. Dr. Morley Schurr, the oncologist, who had offices in a building near Hoag Hospital, proved to be tall and portly, although otherwise much like Franklin Chan: kind, calm, and confident. Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit. This morning, only his love for his sister, Agnes, gave him the courage to drive and to become the pie man. And so Agnes went alone to her bedroom and there, as on so many nights, sought the solace of the rock who was also her lamp, of the lamp who was also her high fortress, of the fortress who was also her shepherd. She asked for mercy, and if mercy was not to be granted, she asked for the wisdom to understand the purpose of her sweet boy's suffering. The striking resemblance between this artist and Seraphim, as well as the facts in the biographical sketch under the photo, argued that the two were sisters. With the successful consumption of the burger and with the addition of the third Sklent to his collection, Junior felt more upbeat than he'd been in quite a while. Contributing to his better mood was the fact that he hadn't heard the phantom singer in longer than three months, since the library in July. This sight that might inspire celebration among sailors was denied to Barty, who rode in the backseat with Agnes. Neither could he see how the crimson sky studied its painted face in the mirror of the ocean, nor how a burning blush shimmered on the waves, nor how the veil of night slowly returned modesty to the heavens. Having been a volunteer instructor of English to twenty adult students over the years, having taught Maria Elena Gonzalez to speak impeccable English without a significant accent, Agnes was little needed as a teacher by her son. Even more than other children, he asked why with numbing regularity, why this and why that, but never the same question twice; and as often as not, he already knew the answer that he sought from her and was only confirming the accuracy of his deduction. He was such an effective autodidact, he schooled himself better than any college of professors that could have been assigned to him. After Maria, Bonita, and Francesca had gone, when Agnes and her brothers joined forces to clear the table and wash the dishes, Barty kissed them good-night and retired to his room with The Star Beast. Sitting on the edge of the bed, taking his hand, she stared at his sweet little bow of a mouth, whereas before she would have met his eyes. "Tell me." Junior would have liked to pursue spiritual matters with Sklent, but numerous other partyers wanted their time with the great man. In parting, sure that he would give the artist a laugh, Junior withdrew the brochure for "This Momentous Day" from his jacket and coyly asked for an opinion of Celestina White's paintings. The operator attempted to calm him, but he remained hysterical. Between gasps and sharp squeals of pretended pain, he shakily rattled off his name, address, and phone number. Dr. Zedd's death, just last Thanksgiving, had been a blow to Junior, a loss to the nation, to the entire world. He considered it a tragedy equal to the Kennedy assassination one year previous. "I love you, Daddy," she said, and put the palms of her hands flat against his temples. They knew no one named Bartholomew, and she had never heard the name from him before, but she knew what he wanted. He was speaking of the son he would never see. This back blow wasn't just sport, either, but more like Vietnam as lie sometimes told women that he remembered it. As though pitched by a grenade blast, Junior went from his feet to the floor with chin-rapping impact, teeth guillotining together so hard that he would have severed his tongue if it had been between them. In the kitchen, Barty sat at the table, and Paul's heart pinched at the sight of the boy in padded eyepatches. Tears burst from Junior, stinging torrents, a salt sea of grief that blurred his vision and bathed his face in brine. "Get out of here, you disgusting, sick son of a bitch," he demanded, his voice simultaneously shaking with sorrow and twisted by righteous anger. "Get out of here now, get out!" Sparky Vox-with less training in theology and philosophy than his guest, but with a spiritual insight that any overeducated Jesuit would have to admire, even if grudgingly-had settled Vanadium's uneasy conscience. "The problem with movies and books is they make evil look glamorous, exciting, when it's no such thing. It's boring and it's depressing and it's stupid. Criminals are all after cheap thrills and

easy money, and when they get them, all they want is more of the same, over and over. They're shallow, empty, boring people who couldn't give you five minutes of interesting conversation if you had the piss-poor luck to be at a party full of them. Maybe some can be monkey-clever some of the time, but they aren't hardly ever smart. God must surely want us to laugh at these fools, because if we don't laugh at 'em, then one way or another, we give 'em respect. If you don't mock a bastard like Cain, if you fear him too much or even if you just look at him in an all-solemn sort of way, then you're paying him more respect than I ever intend to. Another glass of wine?". Number three on the charts was "Mr. Lonely," by Bobby Vinton, an American talent from Canonsburg, Pennsylvania. Junior sang along..According to the brief biographic note with the picture, Celestina White was a graduate of San Francisco's Academy of Art College. She had been born and raised in Spruce Hills, Oregon, the daughter of a minister..If the ace of diamonds, in quartet, must be taken seriously, then why not the rest of the draw?. On hearing of Bartholomew's-and/or Celestina's-death, Neddy would be on the phone to the police, pointing them toward Junior, in twelve seconds. Maybe fourteen..She slipped into her shoes and stood for a moment watching his lips move as he gave thanks for his blessings and as he asked that blessings be given to others who needed them..The night was hushed but for the barking of a dog in the great distance. Hollow, far softer than the ghostly singing that had recently haunted Junior, the rough voice of this hound nevertheless stirred him, spoke to an essential aspect of his heart..The reception still roared in both showrooms of the gallery. Legions of the uncultured, taste-challenged in every regard except in their appreciation for hors d'oeuvres, yammered about art and chased their cloddish opinions with mediocre champagne..Sobbing desperately, he dropped the telephone handset on the secretary, seized the dishtowel. He wrapped the cloth tightly around the shattered stump, applying pressure to diminish the bleeding..From Sparky, Tom Vanadium had borrowed a master key with which he could open the door to Cain's apartment, but he preferred not to employ it as long as he could enter by a back route. The less often he used the halls that were frequented by residents, the more likely he would be able to keep his flesh-and-blood presence a secret from Cain and sustain his ghostly reputation. If too many tenants got a look at his memorable face, he would become a topic of discussion among neighbors, and the wife killer might tumble to the truth..The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn.. "You must've slipped this one in my pocket when you first came in here," Nolly deduced..Although the small tin-and-plastic harmonica was more toy than genuine instrument, the boy blew and siphoned surprisingly complex music from it. As far as Apes could tell, he never hit a sour tone.. "From 1604 through 1610, Erzebet Bathory, sister of the Polish king, with the assistance of her servants, tortured and killed six hundred girls. She bit them, drank their blood, tore their faces off with tongs, mutilated their private parts, and mocked their screams." Junior wasn't interested in Vietnam anymore, and he wasn't in the least troubled by the other news. These two years were disturbing to him only because of Thomas Vanadium..From the public hallway on the ground level, stairs led to the upper three floors. He would be able to hear anyone descending long before they arrived..Paul didn't realize that Grace had followed them into the living room until she screamed. She started to push past him, heading toward her husband even as Harrison went down..Even Angel, mere wisp of a cherubim, couldn't squeeze through a seven-inch opening..In the passenger's seat, Barty was cushioned in his mother's arms. At times, the boy cooed or gurgled, or made a wet chording sound..Junior didn't believe in gods, devils, Heaven, Hell, life after death. He put his faith in one thing: himself..Flanked by Dumpsters and trash cans, through steam rising out of grates in the pavement, past parked delivery trucks, here came the dead cop. Running..The glimmering bay and the shimmering amber candlelight provided the perfect atmosphere for the song that arose now from the piano in the bar.. "There's a fine George and Ira Gershwin song called 'Someone to Watch Over Me.'" "I wouldn't just whack anyone, not even a worm bucket like Cain, any more than I would commit suicide. Remember, I believe in eternal consequences." "Tom, Wally, I'm sorry for the brusque introductions," Agnes Lampion apologized. "We'll have plenty of getting-to-know-each other time over dinner. But the people in this room have been waiting an entire week to hear from you, Tom. We can't wait a moment longer."..When he located the new grave, approximately where he'd guessed that it would be, he was surprised to find a black granite headstone already set in place, instead of a temporary marker painted with the "Is it as bad as that?" Celestina wondered plaintively, though she knew the answer. "I love San Francisco. The city inspires my work. I've built a life here. Is it really as bad as that?"..and humble. They managed to worry up tuition for art school, but Celestina worked as a waitress to pay for her studio apartment and other needs..Tom was alone. The place should be silent. Hanna Rey, the housekeeper, wasn't scheduled to arrive until ten o'clock..No more than a minute after Vanadium departed, a nurse arrived in a rush, no doubt sent by the hateful cop. Hard to tell, through all the tears, if she was a looker. A nice face, perhaps. But such a stick-thin body..But the boy played no tricks against his father. He took his beatings in silence and learned to hide his gift..As usual, Vanadium had spoken in a monotone, putting no special emphasis on those two words. Yet Junior sensed that the detective harbored doubts about the explanation of the girl's death..As though the blush were transmitted by a virus, Junior caught the primrose-pink contagion from the pianist..At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs.. "I'm wondering," Nolly said, "if you're not an officer of the law anymore, in what capacity are you going to pursue Cain?". In August, he developed an interest in meditation. He began with concentrative meditation-the form called meditation "with seed"--in which you must close your eyes, mentally focus on a visualized object, and clear your mind of all else..Then by ambulance to the hospital, whisked into surgery, and for a while, blessed unconsciousness..In the kitchen, a delicious aroma wafted from the oven. On the stove stood a large pot over a low flame, and nearby was pasta to be added to the water when it came to a boil..Although the Rolex was expensive, Junior cared nothing about the monetary loss. He could afford to buy an armful of Rolexes, and wear them from wrist to shoulder..Jabbing his forefinger at each of the remaining treats, Barty said, "Pie, pie." "I haven't disturbed him," said the visitor, taking his cue from the doctor and keeping his voice low..Angel was adamant: "Nope. I could learn that. Like dressing myself and saying thank-you."..Instead of engaging in the confrontation for which he had been pressing ever since his first visit, Vanadium surprised Junior by breaking eye contact, turning from the bed, and crossing the room to the door.
