Earlier, before leaving home, he had taken a preventive dose of paregoric. For now, at least, his bowels were quiet. "I think we could wind up as crazy as he is, if we tried long enough to puzzle out his twisted logic." "I knew," said Wally, braking for a red traffic light, "that you'd be thinking of Phimie now, and thinking of her would lead you to your father's words, because as short as her life might have been, Phimie was a Bartholomew. She left her mark." even allow himself as much as a lascivious wink or a quick caress of Victoria's hand. Neither of them needed to confirm their mutual attraction with even so much as an additional nod or a smile. Victoria knew, as he did, that their time would come, when all this current unpleasantness was behind them, when Vanadium had been thwarted, when all suspicion had been forever laid to rest. When he noticed a blonde staring at him from a nearby booth, he smiled and winked at her. Although she was not

attractive enough to meet his standards, there was no reason to be impolite..As Sklent so insightfully put it: Some of us live on after death, survive in spirit, because we are just too stubborn, selfish, greedy, grubbing, vicious, psychotic, and evil to accept our demise. None of those qualities described sweet Naomi, who had been far too kind and loving and meek to live on in spirit, after her lovely flesh failed. Now at one with the earth, Naomi was no threat to Junior, and the state had paid for its negligence in her death, and the whole matter should have been brought to closure. There were only two barriers to full and final resolution: first, the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium; and second, Seraphim's bastard baby--little Bartholomew..He nodded. "You do. Yes. But you don't need to know right now. Later, when you're calmer, when you're clearer. It's too important to rush you through it now."..Already another contraction racked her, so intense that the pain was not limited to her lower back and abdomen, but seared the length of her sphic, like an electric current leaping vertebra to vertebra. Her breath pinched in her chest as though her lungs had collapsed..He knocked the pepper shaker on its side, and then with a groan put it upright once more..The ball of sodden Kleenex was gripped so tightly in Junior's left hand that had its carbon content been higher, it would have been compacted into a diamond. He saw Vanadium staring at his clenched fist and sharp white knuckles. He tried to ease up on the wad of Kleenex, but he wasn't able to relent..The nurse raised her eyes from Agnes to this other person. "Yes a chip of ice would be all right."..The funeral director and his assistant were the only people, other than Junior, remaining at the grave. They asked if they might lower the casket or if he would rather that they wait until he was gone..Fifteen feet separated them, with guests intervening. Yet this stranger's attention could have felt no more disturbingly intense to Junior if they had been alone in the room and but a foot apart..Once he had toured the exhibition, managing not to shudder openly, he tried to hang out within hearing distance of Celestina White, but without appearing to be listening with special intensity..The roses filling the countersunk vases in the comers of Joey's gravestone were not Edom-grown, but they were Edom-bought. He had visited the florist himself, personally selecting each bloom from the inventory in the cooler; but he didn't have the courage to accompany Agnes and Barty to the grave..Two cranks operated the winch.. The mortician and his assistant turned the handles in unison, and as the mechanism creaked softly, the casket slowly descended into the hole..Edom bit his lower lip, shook his head, and stubbornly clung to Barty's left foot..The phone rang at 3:20 in the afternoon, just after he switched off the radio in disgust. Sitting in the breakfast nook, the Oakland telephone directory open in front of him, he almost said, Find the father, kill the son, instead of, "Hello."..Hope was the handmaid to Agnes's faith. She always held fast to the belief that the future would be bright, but right now she was hesitant to test that optimism even with a harmless card reading. Yet, as with the fifth place setting, she was reluctant to object..Nevertheless, Junior was thrilled to hear the name Bartholomew, and to know that the boy of whom Celestina spoke was the Bartholomew of Bartholomews, the menacing presence in his unremembered dream, the threat to his fortune and future that must be eliminated..Done with dolls for now, Barty and Angel went upstairs to his room, where the book that talked waited patiently in silence. With her colored pencils and a large pad of drawing paper, she clambered onto the cushioned window seat. Barty sat up in bed and switched on the tape player that stood on the nightstand..Sliding one hand lightly along the railing, the boy quickly descended the short flight of steps and walked onto the soggy lawn, into the rain..Barty looked at Angel, and Angel looked at Barty, and they dropped to their knees on the grass before their daughter. They were both grinning ... and then their grins stiffened a little..With his ringleted yellow hair, coiled mustache, and haughty right file, this was a jack that looked as if he might be a knave in the worst sense of the word..His dry tongue, his parched mouth, his desiccated throat felt packed fall of sand, and his voice lay buried alive down there..Hisscus, Nork, and Knacker exchanged sharp glances, nonplussed. Finally, one of them said, "We couldn't do that, Mr. Cain. Not until you've consulted an attorney."..Knacker, Hisscus, and Nork, all talking at once, then failing silent as if they were a single organism, then talking in rotation but interrupting one another, tried to advance their agenda..Everywhere in the fabled city, calves and knees and magnificent expanses of taut thighs were on display. This brought out the dreamy romantic in Junior, and more than ever he yearned desperately for the perfect woman, the ideal lover, the matching half of his incomplete heart..He had dragged Ichabod halfway across the threshold when he heard someone say, "No.".. "What car?" Celestina asked, stopping at the bottom of the steps and turning to look.. "Worlds," ventured Jacob, "in which that oil-tank truck never stopped on the railroad tracks in Bakersfield, back in '60. So the train never crashed into it and those seventeen people never died."..Angel brightened at the sight of the coin turning end-over-end across his knuckles. "I could learn to do that," she asserted..This guy was spooky. Junior was beginning to think that the detective's unorthodox behavior wasn't a carefully crafted strategy, as it had first seemed, but that Vanadium was a little wacky..pride, his one great shining moment but also his sinful pride. Clubbed with the trophy first, fists later. And now, here..If blood tests revealed that Junior wasn't the father, Vanadium would have a motive. It wouldn't be the right motive, because Junior truly hadn't known either that his wife was pregnant or that she was possibly screwing around with another man. But the detective would be able to sell it to a prosecutor, and the prosecutor would convince at least a few jurors..open grave. In his hand: the white rose, its thorns slick with his blood. He dropped the bloom, and it fell out of sight, into the gaping earth, atop Naomi's casket..He raised the window in the kitchen and climbed outside, onto the landing of the fire escape. Feeling like a high-roaming cousin to the Phantom of the Opera, bearing the requisite fearsome scars if not the unrequited love for a soprano, Vanadium descended through the foggy night, down two flights of the switchback iron stairs to the kitchen at Cain's apartment..The diminutive mortician spoke a few comforting words instead of commenting on the dental history of the deceased, and when he put a consoling hand on Jacob's shoulder, Jacob cringed from his touch..Junior considered slipping quietly around the house, peering in windows, to be sure she was alone, before approaching directly. If she saw him, however, his wonderful surprise would be spoiled.. "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it."..In that slow, flat delivery with which Junior was becoming increasingly impatient, Detective Vanadium said, "We all were, Doctor. It was another election year, remember? More than once during that campaign, I could've chugged ipecac. What else would work if I wanted to have a good vomit?". To the right first. Kick the door open, simultaneously firing two rounds, because maybe this was her bedroom, where she kept a gun. Mirrors shattered: a tintinnabulation of falling glass on porcelain, glass on ceramic tile, a lot more noise than the shots themselves..This morning he had changed the sheets. Naomi's scent was no longer with him in the bedclothes.. "Don't get me started on cyclones!" Edom hurried through the house and out to the station wagon, to fetch the boxes of

groceries..These past ten days had been the most difficult of her life, harder even than those following Joey's death. Back then, although she had lost a husband and a gentle lover and her best friend all at once, she'd had her undiminished faith, as well as her newborn son and all the promise of his future. She still had her precious boy, even though his future was to some extent blighted, and her faith remained with her, too, though diminished and offering less solace than before.
