Kathleen hadn't noticed Tom replace his glass on the table, over the quarter. When he lifted it to drain the last of the martini, two dimes and a nickel glittered on the tablecloth, where previously the quarter had been..Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?". She was a duplicitous bitch, too. After coming on to him, after teasing a reaction out of him, she had run off and gossiped about him as though he had instigated the seduction. Worse, to make herself feel important, she had told the police her skewed version, surely with much colorful embellishment..Copyright (c) 2001 by Ursula K. Le Guin All rights reserved. No part of this publication may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopy, recording, or any information storage and retrieval system, without permission in writing from the publisher..Because he genuinely liked women and hoped always to please them, always to be discreet and chivalrous and giving, Junior did as she wished, spinning a vivid

account of the grisly vengeance he would take if ever Seraphim told anyone what he'd done to her. Vlad the Impaler, the historical inspiration for Bram Stoker's Dracula--thank you, Book-of-the-Month Club--could not have imagined bloodier or more horrific tortures and mutilations than those that Junior promised to visit upon the reverend, his wife, and Seraphim herself. Pretending to terrorize the girl excited him, and he was perceptive enough to see that she was equally excited by pretending to be terrorized. Maria Elena Gonzalez--no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square--joined Agnes, Barty, Edom, and Jacob on Christmas. As always, curious about how others lived--or, in this case, bad lived--Junior explored the house, poking in drawers and closets. For a widower, Bartholomew Prosser was neat and well-organized. First he tore two paper towels from a wall-mounted dispenser and held one in each hand, as makeshift gloves. He was determined to leave no fingerprints. A sofa and one armchair provided the seating in the living room. No coffee table. A small table beside the chair. A wall unit held a fine stereo system and a few hundred record albums. An overflow crowd of mourners had attended the services at St. Thomas's Church, standing shoulder to shoulder at the back of the nave, through the narthex, and across the sidewalk outside, and now everyone appeared to have come to the cemetery, as well. Second-stage labor was supposed to last about fifty minutes in a woman bearing her first child, as little as twenty if the birth was not the first, but she sensed that Bartholomew was not going to come into the world by the book. The phone rang at 3:20 in the afternoon, just after he switched off the radio in disgust. Sitting in the breakfast nook, the Oakland telephone directory open in front of him, he almost said, Find the father, kill the son, instead of, "Hello." Choking fumes, blinding soot. A licking heat told him that slithering fire had followed the smoke up the stairs and now coiled perilously close in the murk. By Thursday, the eruption passed from him. Because he'd had the self-control not to claw his face or hands, he was presentable enough to venture out into the city; although if people in the streets could have seen the weeping scabs and inflamed scratches that tattooed his body and limbs, they would have fled with the grim certainty that the black. Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation. Junior had learned implode from a self-help book about how to improve your vocabulary and be well-spoken. At the time, he had thought that this word--among others in the lists he memorized--was one he would never use. Now it was the perfect description of how he felt: as if he were going to implode. "I'm a healer, not a prosecutor. I'm not in the habit of making accusations, especially not against my own patients." On both sides of the property, the neighbors can't see, but some know, have always known, and have less interest. "What was it like, Enoch? Did you look into her eyes when you pushed her?" Vanadium's uninflected monologue was like the voice of a conscience that preferred to torture by droning rather than by nagging. "Or doesn't a woman-killing coward like you have the guts for that?" Following little Bartholomew's murder, however, people might remember the man who had been asking after the mother, Celestina. Junior wasn't just any man, either; irresistibly handsome, he left an indelible impression on people, especially on women. Inevitably, the cops would be knocking on his door, sooner or later. "I'm Sister Josephina." She slipped Celestina's purse off her shoulder--"You can trust this with me"--. The sill was about four and a half feet off the lavatory floor. With both hands, Junior levered himself onto it. Move, move, like a runaway train, leaving the dead nuns--or at least one dead musician--far behind. Celestina turned in her seat to look back at Wally and Angel, who were waving. "I guess I am." "You're all right, we've got you now." His soft yet reverberant voice was so unearthly that his words seemed to convey an assurance more profound and more comforting than their surface meaning. "I wish my Rico could have met your Harrison, too," Maria told Grace, referring to the husband who had abandoned her. "Maybe the reverend could've done with words what I couldn't do with my foot in Rico's trasero." "We don't sell no pizza," Angel said, because lately they had received a few calls for a new pizzeria with a phone number one digit different from theirs. Junior was free of superstition. He believed in neither gods nor demons, nor in anything between. "Less than a year and a half ago, Hurricane Flora--she killed over six thousand in the Caribbean." "You sounded as though you were in a lot of distress. You were frightened of this Bartholomew." The January air was crisp, fragrant with evergreens and with the faint salty scent of the distant sea. A curiously yellow moon glowered like a malevolent eye, studying him from between ragged ravelings of dirty clouds. Greed. So easy, taking money from the rubes. Soon, instead of peeling off a little from each game, he sought bigger kills. Another of Junior's self-improvement projects, since moving to California, was to become a knowledgeable gourmet, also a connoisseur of fine wines. San Francisco was the perfect university for this education, because it offered innumerable world-class restaurants in every imaginable ethnic variety. Barty approached stair climbing as a mathematical problem, calculating the precise movement of each leg and placement of each foot necessary to successfully negotiate the obstacle. He proceeded less slowly on the next three steps than he had on the first three, and thereafter he ascended with growing confidence, pumping his legs with machinelike precision. At many houses, strings of Christmas lights painted patterns of color at the eaves, around the window frames, and along the porch railings--all so blurred by fog that Junior seemed to be moving through a dreamscape with Japanese lanterns. In November, Edom asked Maria Gonzalez to dinner and a movie. Although he was only six years older than Maria, both agreed that this was a date between friends, not really a boy-girl thing. Fully clothed, she lay atop the bedspread. She intended to listen to a little classical music before brushing her teeth. In the living room, the central and largest window framed a magnificent view, and swagged silk brocatelle draperies framed the window. An oversize hand-painted and heavily gilded chaise lounge, upholstered in an exquisite tapestry, stood against this backdrop of city and silk, and Renee pulled Junior down upon the chaise, desperate to be ravished there. The kids insisted on knowing what was meant by the line about the chicken, and this led to the laying of a coopful of Why-did-the-chicken-cross-the-road jokes, which Edom and Jacob had memorized in childhood as an act of rebellion against their humorless father. Junior glimpsed Vanadium first in profile--and then, as the cop rode down and away, only the back of his head. He hadn't seen this man in almost three years, yet he was instantly certain that this was no coincidental look-alike. Here went the filthy-scabby-monkey spirit itself. Junior could neither speak nor even mewl in agony. All the saliva had been draining forward, out of his open mouth, for so long that his throat was parched and raw. He felt as though he had munched on a snack of salted razor blades that were now stuck in his pharynx. His rattling wheeze sounded like scuttling scarabs. Celebration of course, would lead to incarceration and perhaps to electrocution. With Vanadium, the maniac cop, likely to be found lurking under the bed or masquerading as a nurse to catch him in an unguarded moment, Junior had to recover at a pace that his physician would not find miraculous. Dr. Parkhurst expected to discharge him no sooner than the following morning. As if vengeful spirits weren't trouble enough, he had for three years been struggling unwittingly against the terrible power of the minister's curse, black Baptist voodoo that made his life miserable. He knew now why he had been plagued by violent nervous emesis, by epic diarrhea, by hideously disfiguring hives. The failure to find a heart mate, the

humiliation with Renee Vivi, the two nasty cases of gonorrhoea, the disastrous meditative catatonia, the inability to learn French and German, his loneliness, his emptiness, his thwarted attempts to find and kill the bastard boy born of Phimie's womb: All these things and more, much more, were the hateful consequences of the vicious, vindictive voodoo of that hypocritical Christian. As a highly self-improved, fully evolved, committed man who was comfortable with his raw instincts, Junior should be sailing through life on calm seas, under perpetually sunny skies, with his sails always full of wind, but instead he was constantly cruelly battered and storm-tossed through an unrelenting night, not because of any shortcomings of mind or heart, or character, but because of black magic..Sometimes Celestina marveled at how intimately and inextricably the tendrils of tragedy and joy were intertwined in the vine of life. Sorrow was often the root of future joy, and joy could be the seed of sorrow yet to come. The layered patterns in the vine were so complex, so enrapturing in their lush detail and so fearsome in their wild inevitability, that she could fill uncountable canvases, through many lifetimes as an artist, striving to capture the enigmatic nature of existence, in all its beauty dark and bright, and in the end merely suggest the palest shadow of its mystery..From the devil to the sacred and then beyond, Junior drove north on State Highway 160, which was proudly marked as a scenic route, although in these predawn hours, all lay bleak and black. Following the serpentine course of the Sacramento River, Highway 160 wove past a handful of small, widely separated towns..He went in a pretense of blindness, gripping Angel's arm, but he missed nothing, and etched every detail in his memory, against the need of them in the coming dark..Celestina had no illusions about playing detective. She would never be able to track down the bastard, and she had no stomach for confronting him..Alone, Junior sat in the breakfast nook with a pot of coffee and an entire Sara Lee chocolate fudge cake..As hard of head as she was hard of heart, Victoria had not sustained serious brain damage, only a concussion..Nevertheless, when the points of soreness in his brow and cheeks gradually grew worse, he stopped at a service station near Courtland, bought a bottle of Pepsi from a vending machine, and washed down yet another capsule of antihistamines. He also took another antiemetic, four aspirin, and-although he felt no trembling in his bowels-one more dose of paregoric.. "Here we are," said the driver, braking to a stop at the curb in front of the gallery..Devil mountains, sacred islands, sacramental rivers and cities, Jesuits: These spiritual references at every turn made Junior uneasy. This was a haunted night, no doubt about that. He wouldn't have been greatly surprised if he had glanced at his rearview mirror and seen Thomas Vanadium's blue Studebaker Lark Regal closely tailing him, not the real car raised from Quarry Lake, but a ghostly version, with the filthy-scabby-monkey spirit of the cop at the wheel, an ectoplasmic Naomi at his side, Victoria Bressler and Ichabod and Bartholomew Prosser and Neddy Gnathic in the backseat: the Studebaker packed full of spirits like a bozo-stuffed clown car in a circus, though there would be nothing funny about these revenge-minded spooks when the doors flew open and they came tumbling out..Since he knew where Celestina would be on January 12, there was no point in taking risks to find her sooner. He had plenty of time to prepare for their encounter, time to savor the sweet anticipation..This was a test of Junior's gullibility, and he would not give Vanadium the satisfaction of searching his robe for the coin..He tucked his left arm tight against his side and threw himself against the door. The obstructing furniture was heavy, but it moved an inch. If it would give one inch, it would give two, so it wasn't immovable, and he was already as good as in there... So he calls it the King. If you find him his King, he'll treat you well. He's often here. Come on, I'll show you. Dog can't track till he's had the scent.. "As she commented on each masterpiece, Frieda grew steadily less coherent. She had drunk a few cocktails, the better part of a bottle of Cabernet Sauvignon, and two after-dinner brandies.. "He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive.. "He carried the mug to the sink, poured the brew down the drain and saw the cooler standing in the corner. He hadn't noticed it before. A medium-size, molded-plastic, Styrofoam-lined ice chest, of the type you filled with beer and took on picnics..She couldn't explain her anxiety to him, because he believed in the supremacy of laws, in the justice that might be delivered in this life, in a comparatively simple reality, and he would not comprehend the gloriously, frighteningly, reassuringly, strangely, and deeply complex reality Agnes occasionally perceived-usually peripherally, sometimes intellectually, but often with her heart. This was a world in which effect could come before cause, in which what seemed to be coincidence was, in fact, merely the visible part of a far larger pattern that couldn't be seen whole..might be grumpy and would certainly be torpid, bleary-eyed, and uncommunicative. Angel awake was always fully awake, soaking up color texture-mood, marveling in the baroque detail of Creation, and generally lending support to the apperception--test prediction that she might be an art prodigy.. "As long as the case was open and you were the sole suspect," said the lawyer, "they couldn't negotiate an out-of-court settlement with you. But they were afraid that if eventually they couldn't prove you killed her, then they'd be in an even worse position when a wrongful death suit finally went before a jury.. "She twisted her sweat-drenched face in what might have been frustration, closed her..Although the ace of hearts had only positive meanings, and although, according to Maria, multiple appearances, especially in sequence, meant increasingly positive things, a series of chills nevertheless riffled through Agnes's spine, as if her vertebrae were fingers shuffling..Thanksgiving dinner was a fine affair, and Christmas was even better. On New Year's Eve, Wally downed one drink too many and more than once offered to perform surgery on any member of the family, free of charge "right here, right now," as long as the procedure was within his area of expertise..Turning away from the window, Tom met her gaze. His smoke-gray eyes looked frosted, as though the fog ghosts had passed through the window and possessed him. But then the flame on the table candle flared in a draft; lambent light melted the chill from his eyes, and she saw again the warmth and the beautiful sorrow that had impressed her before..Agnes wanted to tell them that all their efforts would be to no avail, that they should cease and desist, be kind and let her go. She had no reason to stay here anymore. She was moving on to be with her dead husband and her dead baby, moving on to a place where there was no pain, where no one was as poor as..thickened with the odors of antiseptics and blood, until breathing required an effort..All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, Jesus, dear Jesus," over and over..Although the mummifying fog wound white mysteries around even the most ordinary objects and wrapped every citizen in anonymity, Vanadium preferred to approach the apartment building with utmost discretion. Whatever the length of his stay in this place, he would never arrive or depart through the front door or even through the basement level garage-until perhaps his last day..calm. He tried to imagine what Victoria's breasts would look like, freed from all restraint.. "Mommy, watch!" He turned in the deluge with his arms held out from his sides. "Not scary!". In the crisis, the rack holding her oxygen bottle had been rolled to the bed. The breathing mask lay on the pillow beside her..Jabbing his forefinger at

each of the remaining treats, Barty said, "Pie, pie.".When Junior complained of severe thirst, Victoria explained that he was to have nothing by mouth until morning. He would be put on a liquid diet for breakfast and lunch. Soft foods might be allowable by dinnertime tomorrow.."Why? What was he going to get out of it?".sport shirt just for no reason at all, because she thought he'd look nice in it?".Salt water would be too cumbersome anyway. He'd have to drink a lot of it shortly before he heaved, but he was surrounded by cops with good reason to keep an eye on him. Does ipecac come in capsule form?".Tom had no idea who Perri might be, but something in the way Grace asked the question and the way she regarded Paul suggested that she knew something about Perri that had won her deep respect and admiration..Yet the coin was as real as dead Naomi broken on the stony ridge at the foot of the fire tower..With his mother, his uncles, and Maria hovering just two steps behind, Barty followed the driveway, not bothering with the cane, keeping his right foot on the concrete, his left foot on the grass, until he came to a jog in the pavement, which apparently he'd been seeking. He stopped, facing due north, considered for a moment, and then pointed due west: "The oak tree's over there.".In the kitchen again, Junior spread the blanket on the floor, to one side of the blood. He rolled Vanadium onto the blanket, and drew the ends of it together, fashioning a sled with which to drag the detective out of the house..An authoritative note came into Parkhurst's voice, that emperor-of- tone that probably was taught in a special medical-school course on intimidation, though he was striking this attitude a little too late to be entirely effective. "My patient is in a fragile state. He mustn't be agitated, Detective. I really don't want you questioning him until tomorrow at the earliest.".He wasn't required to torture himself in search of pleasant conversation with those they visited. Agnes had virtually invented pleasant conversation..This analgesic was among several prescription substances that he had stolen, over time, from the drug locker at the rehab hospital where he once worked. Some he had sold; these he had retained..By Friday morning, September 10, little more than forty-eight hours after the shooting, he felt good and was in fine spirits..Celestina didn't hear gunfire, but she couldn't mistake the bullets for anything else when they cracked through the door.
